

Tecnifibre®

VO2max Black 9R

Thermobag 9 racquets

DIAGNOSTIC

*A badly carried weight generate **back pain, fatigue, deformation** of the spinal column*
(source Playlab 2011)

SOLUTION

An ergonomic carrying design made to provide maximum comfort:

- 1. The handles are positionned lower in order to **better balance the weight** of the bag.*
- 2. Four foamed "airmesh pads" have been placed at shoulders and hips in order to **absorb shocks** while walking.*
